F. A. Good of Cowles, Neb., was re-elected president of the Nebraska Lumbermen's association at the closing session of the twenty-fifth annual convention in Omaha yesterday afternoon.

The nominating committee of the Mutual Insurance association, the auxiliary body of the lumbermen, reported G. W. Eggleston of Bennett for re-election as president.

### Sullivan Accused of Receiving Diplomats In His Undershirt

NEW YORK, Jan. 15.—Concerning the personal habits of James M. Sullivan, American minister to Santo Domingo, he was told that the minister on one occasion received the Italian minister and the British charge d'affaires in his undershirt.

Butlin said Minister Sullivan had made him propositions for the extension of the island's wireless system and later had inspired his removal from office in the wireless service.

Roger L. Farnham, secretary of the National City bank of New York, denied that his bank had any plans contemplating the exploitation of Santo Domingo.

Farnham said he knew only by hearsay of the reputation of the Banco Nacional of Santo Domingo, to which institution, it is alleged, the customs funds of the island were transferred at the instance of Sullivan.

The only relation his bank had with Santiago Michelena, Farnham said, was to ask Michelena to present the loan proposition to the government.

### SIXTY TOWNS IN ITALY STRICKEN BY EARTHQUAKE

(Continued from Page One.)

Minor cars where the railroads are blocked. Red Cross Acts Quickly. The central committee of the Red Cross was quick to act, having ordered all of its members to join in the relief work at the scene of the disaster.

King Victor Emmanuel, according to advices reaching here, is useless in his endeavors to spur on the rescue work and in encouraging the survivors. Messages reaching here from along the line from Rome to Tivoli, Capri and Avezzano say that everywhere the king passes the people rush to greet him to express their gratitude.

Having heard that means of transportation are still lacking, the king has ordered that all automobiles be immediately dispatched to the stricken districts.

Pope Visits Hospital. Pope Benedict is deeply grieved over the misfortune which has befallen the Italian people. He showed his deep interest and sympathy yesterday by an unusual visit to the Santa Marta hospital, where forty-one persons, injured during the earthquake, are receiving treatment.

The American ambassador, Thomas Nelson Page, called at the ministry of the interior yesterday to express the sympathy of America over the disaster which has befallen Italy.

He was informed that the Italian government would much appreciate such sympathetic initiative and soon thereafter the ambassador dispatched an automobile with Second Secretary Norval Richardson, Lieutenant Commander Charles Train, the naval attaché, and Private Secretaries John Harrison and Marion Sims Wyeth.

Ambassador Page is ready to appoint a committee of women if necessary to aid in the Italian work of relief. Avezzano, the chief sufferer from the earthquake, presents a scene of wreck and desolation, according to advices received from that place.

Late advices say that about 600 bodies have been recovered, and that hundreds of injured have been taken from the ruins. Nearly all the civil officials of Avezzano, including the mayor, lost their lives.

Similar conditions exist in the towns and villages around Avezzano, Magliano, to the north, and Pescara, to the east, are practically in ruins. Among the missing in the last named place is Monsignor Bagnoli, the bishop of Pescara.

Cold and snow are adding to the sufferings of the survivors. The lamentations of the people, according to correspondents who have passed through the district, are pitiful, and they are beginning to be taken to places where it is possible to care for them.

King Victor Emmanuel returned to Rome last night. To Premier Salandra he confirmed the gravity of the disaster and expressed admiration for the efficient work of the Italian soldiers. More troops have been ordered into the earthquake zone.

Minister of Public Works Cluffelli is at Avezzano, where he has organized the work of rescue. He spent last night in a railroad car at the station. Today he began a tour of investigation to ascertain actual conditions in the country around Avezzano.

The king was in Avezzano yesterday. Earth Heaved and Grew Hot. Some of the survivors at Avezzano have not even yet sufficiently recovered from the shock of their experiences to tell a connected story of the visitation. One man who was taken yesterday from a ruin, said:

"I had a sensation as though someone was forcing me to dance. Then I was thrown to the ground and the roof and the walls fell upon my head. Even after I was half buried the earth seemed to heave and grow hot."

A priest was saying mass in a church when he felt the first shock. He rushed under an arch of the building and thus saved his life. His acolytes were struck down and killed.

The shocks destroyed the aqueduct system and there is today no water in the town. It is reported that a statue of the Virgin forty feet high, which stood on the shore of Lake Fucino has been thrown into the water.

There is considerable danger that the drained land in this vicinity will be flooded. A wagoner's apprentice, a boy of 13 years, was the first person to give the news of Avezzano to the outside world. He succeeded in getting back into the town a few moments after the first shock. He found a railroad employe and persuaded this man, with his help, to rig up a telegraph instrument in a freight car and connect it with a wire that was still intact.

On the instrument the railroad man, who is an operator, soon got Rome. The two together then sent the first news of the disaster.

Pope Gives Use of Hospital. The pope offered to the mayor of Rome the use of the Hospital Santa Marta with 200 beds. The mayor accepted this offer at once. There has been organized in Rome a private expedition to send out automobiles loaded with relief. Over 300 machines already have left for Avezzano. They carried blankets, medicines, food and cordials. Among the members of the Italian nobility active in relief work are

Prince Borghese, Prince Colonna, Prince Altieri and Prince Potenzianni. The pope is anxious about the fate of Monsignor Janotta, bishop of Sorra, from whom nothing has been heard. Recent reports of casualties set forth that there were seventy victims of the earthquake at Castellot thirty-seven dead and 370 wounded at Iola, and ten dead at Capolacore. At this last mentioned place the casualties were almost all among the relatives of the local priest.

weeks of the sixty-third congress, except appropriation bills, and the government ship purchase measure. Even the ship purchase bill is in danger of failure, in the opinion of some of the senators. Although they have assured that this measure can be passed, they are fearful lest the press of appropriation bills, coupled with the concerted plans of republican leaders to fight the ship bill, will operate to keep the latter from reaching a vote. It became known today that some

of the democratic senators had told the president that the conservation measure and Philippine independence bill, which he had urged in his annual message to congress, could not be passed at this session. They also made known to him their apprehensions regarding the ship purchase bill.

Handie Rob Bank. JACKSONVILLE, Fla., Jan. 15.—Two masked men, armed with revolvers, forced two clerks of the American Trust and Savings bank here into a vault late today and escaped with \$2,000 in cash.
